

PURPOSE OF MEETING OF AXIS CHIEFS CAUSES CONJECTURE

Hitler And Il Duce Conclude Two-Day Parley At Salzburg

BY ROGER D. GREENE
Associated Press War Editor

Adolf Hitler and Benito Mussolini, whose meetings in the past have frequently signalled the approach of momentous events, met in a two-day conference ending yesterday at Salzburg, Austria, it was announced officially today.

In the usual stereotyped form, a German communique said the Axis dictators met "in a spirit of close friendship and the indissoluble brotherhood-in-arms of their nations."

Allied conjecture, however, centered on the possibility that these meetings were discussed:

1. Last-minute decisions on the planned German grand offensive against Russia.
2. Reports of smouldering revolt and war-weariness in Italy.
3. A possible joint German-Italian "final offer" of peace, on Axis terms, to the Allies.

Informed British quarters declared the purpose of the Salzburg conference obviously was to keep Mussolini in line.

"Hitler must keep both ends of the stick moving in the same direction," these quarters said, "and to this he must give Mussolini a 'p talk'."

It was the first meeting of the Fuhrer and Il Duce since their countries went to war against the United States last December.

The official announcement said: "The meeting resulted in a perfect accord of views on the situation created by the overwhelming victories of the tripartite powers and on the further conduct of the war by the two nations in both political and military."

There was no mention of Japan, the third member of the Rome-Berlin-Tokyo bloc, having been represented at the meeting.

While the communique extolled the "overwhelming victories" by the Axis, Russia's Premier Joseph Stalin painted a contrasting picture of the present in a May day manifesto.

The meeting was attended by German Foreign Minister Joachim von Ribbentrop, Italian Foreign Minister Count Galeazzo Ciano, Field Marshal Gen. Wilhelm Keitel, chief of the German high command, Gen. Ugo Cavallero, chief of the Italian general staff, and other high officials.

The official announcement might as well have been a carbon copy of communique on all their meetings, larded with such flattering generalities as "close friendship" and "perfect accord."

But all this week, reports from Europe have stressed mounting tension in Italy, with the population inflamed by hunger, disgust over the war and alarm over the rising might of the United Nations.

These reports declared that while Mussolini blustered about inexorable punishment for disidents, Hitler was deeply concerned.

DECISIONS TO BE REPORTED BY MUSSOLINI

Goes Before Council of Ministers Saturday to Explain Results of Two-Day Parley

REVIVES P E A C E T A L K

BY THOMAS F. HAWKINS
Bern, Switzerland, May 1—(P)—Premier Mussolini goes before his council of ministers tomorrow to report on his two-day conference with Adolf Hitler at Salzburg which Rome dispatches indicated was devoted to the necessity of increasing the Axis war effort.

The decisions of the two leaders were taken, it was indicated in these dispatches, after it appeared that any hope of peace this spring had been abandoned.

Consistent reports have come in neutral countries outside Switzerland of unofficial overtures toward peace talks begun three weeks ago. The feeling in well-informed foreign diplomatic quarters was that the soundings, though futile, are still not finished.

These quarters expressed belief that an influential Axis group is continuing to feel out the chances of Britain's accepting a peace which would permit intensification of the Axis campaign against Russia. These feelers were said to have been put out practically through Stockholm and Ankara.

It also has been rumored in Allied quarters that Italy is leaning toward the idea of a separate peace. If such an idea actually were voiced by an Italian it is inconceivable that it could have been more than an unofficial sounding of Allied sentiment.

Italy is tied to the Axis now so tight that a peace effort without (Turn to Page Eleven)

Schenck also was placed on probation for three years.

George Party Hit By Plane

Allied Headquarters, Australia, May 1—(P)—Brig. Gen. Harold H. George of the United States army air corps and Melville Jacoby, Time and Life magazine correspondent, were killed at an advanced airbase Monday when struck by a fighter plane which got beyond control as it was taking off. Allied headquarters disclosed today.

Gen. George and Jacoby were about to board another plane when the fighter craft crashed into their party, the official announcement said.

Funeral services for Jacoby were held today at a Melbourne crematorium. More than 30 American, British and Australian correspondents and a group of United States army officers were present.

A military funeral is planned Saturday for General George, who was awarded the Distinguished Service Medal posthumously for his execution of "seemingly impossible tasks" as commander of air forces in the defense of Britain.

250 Killed In Belgium Blast

BY WILLIAM J. HUMPHREYS
London, May 1—(P)—A chemical factory at Tessenderloo, in the new industrial district of northern Belgium, a particular zone of activity for the anti-German "White Brigade"—has been destroyed in an explosion which, according to the German radio, killed 250 persons and injured about 1,000.

Berlin belatedly relayed an announcement today of the Nazi-occupied Belgian government that not only the plant but a technical school and a number of nearby houses were destroyed or severely damaged by the blast two days ago. No cause was given.

Much sabotage has been reported in this region, mostly credited to the secret armed organization, the "White Brigade" seven of whose members were sentenced to death a week ago.

BILL GRANTS PAY HIKE TO SERVICE MEN

Measure Viewed as Forerunner to Induction of Married Men Goes to the House

FEW CHANGES MADE

BY W. F. ARBOGAST
Washington, May 1—(P)—Viewed by many as a forerunner to the induction into the armed services of men with dependents and government payments to their families, a bill granting the pay of lower paid service men was sent to the house today by its military committee.

As approved by the committee late yesterday, the measure would double the pay of buck privates and apprentice seamen, give service nurses substantial increases, and boost the base pay of officers and non-coms from corporals up to and including second lieutenants and ensigns. A buck private would get \$42 a month, and a second-lieutenant's base pay would be boosted from \$1,500 to \$1,800 a year.

While the bill grants no base pay rises for higher grade officers, it would increase their total compensation by upward adjustments of subsistence and rental allowances and modifications of long-evity pay regulations.

The total estimated cost of the government, based on January 1, 1942, figures, would be \$282,412,221 annually.

With one substantial change, the bill followed the general pattern recently approved by the senate. The alteration, made on motion of Rep. Charles I. Faddis (D-Pa.), inserted a ban against the issuance of commissions to untrained civilians.

Commissions would be issued only to those who have completed a satisfactory training course at West Point or Annapolis or a recognized military service school, or who have passed an officers' training course. In time of war, army commissions also could be granted to National Guard officers or members of the officers Reserve Corps.

Plan Dropped To Register Woman Power

Decision Announced By the President Not Necessarily Permanent

FEW JOBS ARE OPEN

Washington, May 1—(P)—President Roosevelt announced today that plans for voluntary registration of women for wartime activities had been dropped.

The chief executive disclosed this had been done after Paul V. McNutt, in charge of mobilizing man and woman power for the war effort, had consulted women members of the Social Security Board's federal advisory council and had been told that over the country there are more women who want jobs than there are openings for them.

The president indicated to his press conference that the decision not to go ahead with a voluntary registration for women was not necessarily permanent and that such a listing might be necessary at some future time.

Almost 1,500,000 women, Mr. Roosevelt said, are registered with local employment service offices. Any woman can register at these offices, he said, and there are 1-500 of them.

The advisory council group, the chief executive said, recommended that state laws governing working conditions of women should be preserved and even extended in some states with inadequate statutes. These laws cover such things as length of the working day, provision for one day off in seven, adequate rest and lunch periods, and safety precautions.

R. A. F. Aerial Offensive Is Tapering Off

London, May 1—(P)—RAF offensive operations tapered off to armed reconnaissance flights overnight after eight straight nights of smashing blows at Nazi bases and supply centers, but the British destroyed a total of 11 German bombers over England and France, authorities said today.

Eight were shot down in scattered attacks along the northeast coast and in eastern England, the government announced, and the ration of destruction of these raiders far exceeded the goal of 10 per cent set by defending gun and plane crews.

Five out of 20 raiders were reported destroyed in the German attack Tuesday night on York.

The Nazi forces last night caused some casualties, including a small number of persons killed, but no extensive damage, it was said.

Britons implied that interruptions of the aerial offensive against Germany was due to a return of bad weather.

NAVY PLANE CRACKS UP NEAR GROVE CITY

Grove City, May 1—(P)—A navy pilot escaped serious injury yesterday when a small training plane, making a forced landing in a field four miles from Grove City, crashed into a haystack.

The plane, one of a flight of five enroute from DuBois to Youngstown, O., was badly damaged. The pilot, who was not identified, reported the machine's motor stopped while he was flying at a height of 2,000 feet.

AUSTRALIAN SUPPLY LINE ENDANGERED

Japanese Believed Massing For All-Out Attack To Halt Flow of American Help

TEST U. S. STRENGTH

BY JOHN M. HIGHTOWER
Washington, May 1—(P)—Reports of a concentration of Japanese warships and troops transports among the Marshall Islands in the south central Pacific gave rise to speculation in informed quarters today that a major thrust against the American supply line to Australia is imminent.

The island of Jaluit, center of the area in which the Japanese apparently are concentrating, is but 1,500 miles north of New Caledonia, where American troops landed recently to join forces with the Free French. An equal distance to the southwest lies American Samoa, and 2,100 miles to the northeast is Hawaii.

Because of this strategic location, experts said, the Japs would be able to move in any of three main directions or they could try a series of feints in an effort to test American strength and then strike with full force wherever conditions appeared most favorable.

First indication of what seems to be the latest development of Japanese strategy were given in dispatches from Australia recently by saying that the enemy was gathering ships and men in the mandated islands area. These reports were linked here with the disappearance of powerful Japanese naval units from the Bay of Ben (Turn to Page Eleven)

Non-Defense Spending Cut By Committee

Economy Advocates Seek New "Drop-in-Bucket" Slashes in Some Offices

HALT FREE PAPERS

BY JOHN W. HENDERSON
Washington, May 1—(P)—Fresh from a preliminary victory, senate economy advocates sought a new "drop-in-the-bucket" cut today in the independent offices appropriation bill—the year's biggest supply bill for primarily non-defense agencies.

Despite some protests, the senate yesterday supported its appropriations committee in cutting \$12,314,513 from the funds of various governmental departments for the fiscal year starting July 1, the principal slash being in travel expense allowances for a dozen agencies.

Even though the reductions were partly offset by certain committee-recommended increases, the chamber demonstrated a willingness to cut non-defense spending, once on a 53 to 20 record vote. During the debate Senator Tydings (D-Md.) demanded that the senate "save money now, or you are going to rue the day before this international situation is over."

Acknowledging that one of the proposed reductions might by itself be but a "drop in the bucket," Tydings added that victory would come to the nation which in the end had "most drops left in the bucket."

Tydings announced that he would ask the senate to eliminate from the bill authority usually given to most federal agencies for purchase of newspapers, periodicals and similar supplies, an item he estimated cost \$30,000 a year.

As the bill passed the house it contained appropriations totaling \$2,096,048,875, compared with \$2,254,058,225 for the current year and budget estimates of \$2,109,857,431 for the approaching fiscal year.

Hanging Ends Weird Murder Case on Coast

BULLETIN
San Quentin, Calif., May 1—(P)—The wife-slashing that came to be known as "the rattlesnake murder case" was avenged today as the hangman's rope killed Robert S. James, 48. He was convicted of slaying his sixth wife with a rope and drowning her in a fishpond.

San Quentin, Calif., May 1—(P)—The Bible class of condemned men at San Quentin prison meets at noon but its strange leader, Robert S., "Rattlesnake" James, was absent today because he had a rendezvous with the gallows for killing his sixth wife nearly seven years ago.

At 10 a. m., Pacific War Time, James was to mount the 13 steps of the scaffold and drop to death—ending a case so weird that even veteran fiction writers threw up their hands in amazement.

Auburn-haired and possessing a way with women, the big 48-year-old Los Angeles barber was convicted of drowning Mary Busch James after failing to kill her by thrusting her bare foot into a box containing two poisonous reptiles—"lightning" and "lethal"—which he had rented.

Fifth And Last Unwed Son Of Somerset Couple Off To War

Father Thin and Bedridden Cheerfully Consents To Latest Induction

FOLKS NOT WORRYING

Somerset, May 1—(P)—A graying mother and a father thin and bedridden with an incurable disease cheerfully sent their fifth and last unmarried son—their last means of support—off to Uncle Sam's army today, saying "we're glad we have five sons to help defend our country."

"This works a hardship on us," said Mrs. Martin Pyle, "but when we think of how people live in Germany, Italy, and Japan we are glad our sons are fighting. We don't want to live like those people."

One by one, their sons—Benjamin, 18, Frederick, 22, Hamilton, 25, Glenn, 28, and Joseph, 30—answered the call to colors. Joseph, (Turn to Page Eleven)

Flat Rate For Corporations

Washington, May 1—(P)—The house ways and means committee agreed today on a flat 94 per cent excess profits tax rate for corporations.

Chairman Doughton (D-NC) announced the committee had voted for the flat rate and also had agreed to retain the present 24 per cent normal tax for corporations with income of more than \$25,000. He said the committee hoped to vote later in the day on new surtax schedules which are either 6 or 7 per cent at present, depending on income.

Representative Cooper (D-Tenn) who explained the committee's action with Doughton, said the members also had agreed to revise the excess profit credit allowed corporations. (Turn to Page Eleven)

Youngsville Boy Listed As Dead In Crash

Parents of Corp. Armstrong Receive Sad News Thursday

IN THE WEST INDIES

Reported earlier this week as "missing in action," Corporal Porter B. Armstrong, 24, son of William A. Armstrong, of 106 Second street, Youngsville, is now listed as having lost his life in an airplane crash, according to official word received from the War Department by his father.

A telegram received by Mr. Armstrong from Washington last night said:

"The Secretary of War desires me to express his deep regret that it is now reported your son Corporal Porter B. Armstrong died April 23rd in an airplane accident off the coast of St. Lucia, British West Indies."

In the previous communication, the War Department stated that the commanding general of the Hawaiian department reported Corporal Armstrong in a plane down and unreported.

Corporal Armstrong was a bombardier in the U. S. Army Air Corps. He enlisted at Buffalo on October 2, 1939, and was sent to Mitchell Field, L. I., for training. He was later transferred to the Panama Canal Zone, from where he was sent to St. Lucia, British West Indies.

Porter B. Armstrong was born in Youngsville, March 31, 1918. He attended school there and was graduated from Youngsville High School with the Class of 1937.

Besides his father, he is survived by one brother and three sisters: Gordon Armstrong and Mrs. Grace Reynolds, of Youngsville; Mrs. Gladys Gurus, of West Hickory, and Miss Dorothy Armstrong, of Washington, D. C.

New Trial Is Asked In Baby Slaying Case

Pittsburgh, May 1—(P)—Defense Attorney Abraham Fishkin has filed a written motion in Allegheny county criminal court asking a new trial for 23-year-old Wilma Lettrich of nearby Tarentum who was convicted of the first-degree murder of the nine-day-old child of her unwed sister, Anna.

Presiding Judge H. R. Mayes of Berks county entered an arrest of judgment Thursday after Fishkin orally asked for a new trial. The jury recommended life imprisonment for Miss Lettrich.

Fishkin said he believed the conviction of Miss Lettrich to be the first time that a jury has returned a murder verdict in a case where there was no corpus delicti. The commonwealth said the baby was suffocated and the body was burned completely in the furnace of the Lettrich home.

The commonwealth had introduced a purported confession which assistant District Attorney Earle Jackson said Miss Lettrich gave county detectives shortly after her arrest.

She repudiated it, saying she gave the baby to Joseph Bodnor, Tarentum businessman whom she named as the father.

RENT PROBLEM IN QUAKER CITY PROBED

Philadelphia, May 1—(P)—Eviction notices received by more than 1,000 tenants since the government's rent-freezing order Tuesday led the city's fair rent committee today to order a resumption of hearings on complaints against landlords.

Judge Nochem S. Winnet, committee chairman, previously had announced his organization would suspend hearings because of the government's impending intervention.

The vast majority of those ordered to leave their homes are in the lower rent brackets, the judge said, with few paying more than \$30 a month. Most of the landlords were private owners.

Test Blackout Provides New York the Greatest Show Ever

BY JAMES T. CARTER
New York, May 1—(P)—Black magic wrought a miracle on Broadway last night.

For 20 fleeting minutes the ghosts of Flo Ziegfeld and Diamond Jim Brady marveled at a Times Square they never knew: The great white way and the heart of Manhattan were dark.

It was a test blackout of startling effectiveness from Greenwich Village to Harlem, the more so in Times Square itself as it sought to atone for its failure Tuesday night to comply with an army order to dim-out voluntarily or face imposition every night of such a total blackout as last night's drill.

On the stroke of 9:30 o'clock, (EWT) the greatest man-made well of light in the world was plunged into the gloominess of a country lane at midnight.

And as if some gargantuan puppeteer suddenly had suffered a cramp of the finger muscles while manipulating his marionettes, halting them in mid-motion, so, too, did action cease on the sprawling stage that is the core of life for 7,800,000 New Yorkers.

Police Commissioner Valentine termed the test "the greatest show New York has ever had." Mayor F. H. LaGuardia said "I think it was very good," and the consensus among both police and civilian defense officials was that it was at least 95 per cent effective.

New Delhi, India, May 1—(P)—United States planes carried out night raid on Japanese-occupied Rangoon, in Burma, on the night of April 29, it was announced here today. Damage was done to the dock area.

Cairo, May 1—(P)—Bombs dropped in the Suez Canal and damietta areas in an air raid last night, said a communique issued by the Egyptian ministry of interior.

Allied Headquarters, Australia, May 1—(P)—Thirty Japanese warplanes lined up on an airfield at Lae on the northeast coast of New Guinea were plastered with bombs and machine-gun fire yesterday during Allied air raiders, it was announced officially today.

At the Theatres

1942's First Big Hardy Hit, "The Courtship of Andy Hardy," At Library Theatre, Sunday, Monday, Tuesday

Andy Hardy finds a new romance and successfully gets out of it to become a free man again in "The Courtship of Andy Hardy," latest picture in the popular family series, which opens Sunday, Monday and Tuesday at Library Theatre.

Not only does Andy meet a new girl, but he also rescues his sister from a dramatic "scrape," gets into trouble with the police, and barely escapes the clutches of Polly Benedict, who returns to further complicate his young life.

The picture introduces an attractive newcomer to the series in Donna Reed. Playing her fourth film role, she is a personality certain to climb to stellar heights in Hollywood.

Lewis Stone again gives a masterful performance as the wise, small-town judge, with Fay Holden at her best as "Ma" Hardy. Cecilia Parker, as Andy's sister, has her finest role in the series, while Ann Rutherford and Sara Haden add their charm to the family picture.

Registration Plans Made For County

Plans for the registration of householders in the county, outside of Warren borough, under the sugar rationing program, next week have been completed and teachers in the sixty elementary schools are ready to see that all all enrolled, it was announced today by H. L. Blair, county superintendent of schools.

The registration will be held on Monday, Tuesday, Wednesday and Thursday.

In the county districts, outside of the borough, no special times have been set up for the enrollment. However, residents have been urged to register as early as possible, in order to prevent a rush on the final days.

In Warren borough there will be 180 persons assigned to the task of enrolling local householders. One group will sit from 4 p. m. to 6:45 p. m. on each of the four days, while the other will sit from 6:45 to 9:00 p. m.

S. degree in economics.

What You Buy With WAR BONDS

When the "black-out" sirens scream there is a lot of preparation made for safety of the civilians. An important cog in this protective set-up are the sound locators. They are the ears of the anti-aircraft batteries.

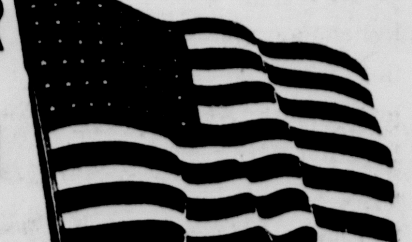

Even a small town or community might buy one of these for the nation's safety, for they cost about \$3,000 each or the equivalent of 267 U. S. War Bonds at \$18.75. Buy War Bonds every pay day and top your county quota.

Modern Infantry on the March

Members of U. S. airborne infantry need special training; get preliminary steps in replica of plane fuselage, called "mockup." Troops with bikes move up ramp into "plane." Advance training is conducted in real transport.

HOW TO STORE THE CAR

Laying up your car for the duration?
If so, the Bureau of Standards at Washington sug-
gests that you do these things:

Wash the car, preferably with steam, wax it, lubri-
cate it thoroughly with oil sprayed on chassis and
underbody, change oil, remove all gasoline from tank
and feedlines, drain radiator, stuff exhaust and other
engine openings to keep out insects, remove radiator
hose connections, and grease battery connections.

The battery may be left in place, but it will deteri-
orate and probably should be sold. If storage place is
cool and dark, the tires may be left on the car but
should be deflated and the car set on blocks.

Upholstery should be protected from dirt and moths
in the same manner as furniture.

And, the bureau may have added, bar all garage
windows securely and keep the door locked at all times.

A JOB WELL DONE

A word of praise is due those responsible for the
successful Pledge for Victory campaign which is draw-
ing to a close in Warren and Forest counties. While
a complete check-up has not been concluded, enough
information is at hand to state definitely that the drive
went over even more satisfactorily than those in charge
had anticipated. Much of the credit for this fine show-
ing goes to the excellent work of the air raid wardens
who did the soliciting, as well as to those who set up the
organization including the efficient chairman. All of
them did fine work and deserve all the bouquets that
come their way.

IT HAPPENED HERE

At this time, almost five months since Pearl Harbor,
it is almost inconceivable that important defense facil-
ties are not prepared to black out without closing down.

The report from northern New Jersey, where an
otherwise successful experiment was marred by blazing
lights in the very factories which would be enemy
raiders' prime targets, was similar to that experienced
during the test in Warren several months ago.

Before many more such tests are attempted some
plan should be devised to overcome this most important
drawback.

JUVENILE ADMINISTRATION

As reported in Thursday's issue, a new adminis-
tration will take over the borough government tomorrow,
along with department heads in the Metzger-Wright
store, and the editorial end of the Times-Mirror. This
will launch the local observance of National Child
Health Week.

Those sponsoring the activity solicit the cooperation
of every citizen in making the day an interesting one
for the young people who will fill the various positions.
So, if you have any complaints to register about local
conditions, some time between twelve and one o'clock
tomorrow, call up Acting Burgess Jimmy Krespan and
he'll pass it along to the proper department head. At
the same time, we might suggest that if you wish to
pick an argument with ye editor call in person at the
same hour and Johnny Borne will be on hand to admit
that the "irate citizen is always right!"

ALL RIGHT, BE SELFISH

Your quota of War Bonds is easy to figure. It is
10 per cent of your income. Nobody will object if, in a
moment of enthusiasm, you exceed that quota.

To buy your quota is a patriotic duty. Or, if patri-
otism is not enough, investment in war bonds is a
privilege. In this uncertain world there is no more
certain investment than your country's promise to pay.
Be patriotic, be practical or be selfish, but don't forget
your War Bonds.

According to word from Berlin, Hitler found it
necessary to call Mussolini in for another little pep talk.

Lot of Warren folks have discovered there are no
sleeping cars on the road to success.

So far as the weather was concerned April left
nothing to be desired.

The Warren girl of today is more interested in bonds
than bon bons.

It'll Take All of Us to Keep the Lid On

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—People send
all kinds of things to Presi-
dent Roosevelt—bars of peaches,
stamps or ship models for his col-
lections, gadgets for his desk—
but one of the most unusual was
a 15 by 104-foot rug.

Woven into it in bright red let-
ters were the words "Remember
Pearl Harbor."

It was no ordinary rug—no rag
or string mat. It was a Persian
rug. The President turned it over
to an auction house to be sold
and the money to be donated to
the Treasury for the war effort.
A rug expert said it probably cost
\$1,000.

What was significant about the
gift was that the sender didn't
sign his name to the accompany-
ing letter. He identified himself
only as an Armenian who landed
in America some years ago with
only \$25. This is what his letter
said:

"I have prospered here, al-
though in a modest way. Above
all I have enjoyed a way of life
which I had never known before.
I found tolerance and freedom.

"It is my gratitude for these
blessings which makes me want
to do something toward the win-
ning of our war. I have only a
limited amount of cash, but I hope
that the rug which I am donating
can be offered for sale and the

proceeds turned over to the na-
tion's war chest."

THE secretary of one of our
midwestern senators is quite
a fellow to be tinkering around
the house, putting up shelves and
what-not. The other day he need-
ed a steel bit.

The hardware clerk explained
that tools were not too plentiful,
that whether he could have the
bit depended on what he wanted
it for.

To this day, the senatorial se-
cretary couldn't tell you what
he wanted it for, but he blurted
out: "I want to bore a
hole in the fence at Griffith Sta-
dium" (home field of the Wash-
ington Senators ball club).

And the clerk, apparently dazed
at this stroke of wit, wrapped it
up. The secretary, equally dazed
at his own genius, walked out
with it.

THE Indian Bureau has an odd
rule. Employees must take 15
minutes leave (without pay)
when they want to get a drink
of water. . . . Employees of no other
agency are so penalized. . . . Most
fashionable job in Washington
these days is "liaison man." War
agencies, and old-line offices as
well, have taken to detailing em-
ployees to other offices just to find
out what they are doing. . . .

The government is taking the
initiative in the salary-allotment
plan for selling war bonds. . . .
The President has appointed Rear
Admiral Charles Conrad to pro-
mote the plan among government
employees. . . .

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—Idea Dept: you
can't use it all, and have
any left. . . . Energy, I mean. . . .
Take Al Jolson and Eddie Cantor.
They were the old timers who
scored the greatest hits in the last
two seasons. . . . All the critics
marveled at Jolson's magnificent
energy, his enthusiasm and pep.
. . . Jolson had it. . . . He worked
night and day. . . . His show be-
came the hit of Broadway. . . .
Yet, when it was at its peak, Jol-
son had to quit, and go to Florida
for a rest. . . . Same with Cantor,
a whizzbang whirlwind devil type
of guy who can't sit still. . . . A
tremendous worker. . . . His "Ban-
jo Eyes" was a great hit. . . . But
the other night Eddie had to quit,
and go to a hospital for a rest. . . .
Somebody ought to show those
guys how to ration their en-
ergy. . . .

SUCCESS DEPT: For years Paul
Mason was a vocalist with
Tommy Dorey's band. . . . His on-
ly hobby was playing with
watches. . . . The insides of
watches fascinated him. . . . If one
of the boys in the band broke his
watch, Paul fixed it. . . . He got
pretty good at fixing watches. . . .
One day Paul quit. . . . And went
down to a town in West Virginia.
He bought him a piece of ground,
and built a house on it. . . . Then
he became a watch maker. . . .
Presently they discovered oil in

his back yard. . . . Now he has
plenty of coin and is living the
best life, the only worthwhile life,
which means doing what you
want to do. . . . And that's what
Paul's doing—fixing watches.

ATLANTIC CITY DEPT: . . .
The war causes a few changes
in this sea-side city. . . . The
boardwalk is now a sort of rhaps-
ody in blue. . . . soft blue and
purple lights are used on the lamp
posts and in stores and shops
along the boardwalk. . . . Hack-
ney's restaurant features a dis-
play of former "Miss America"
contest winners, among them Joan
Blondell, Dallas, Texas, 1926. . . .
There is no "pleasure" flying
here. . . . If the transmitter of sta-
tion WFPG weren't visible,
planes would fly into it. . . . That's
what they say. . . . It's on the tip
of Steel Pier and has red lights
showing as guides to planes.
Residents of Atlantic City think

Barnes

Barnes, April 24—Mr. and Mrs.
B. S. Cook have recently returned
to their home here in Barnes after
spending the winter months in
Washington, D. C., with their chil-
dren, who live there.

Mrs. Rudolph Taylor had the
misfortune to step on a nail and
so injure her foot Tuesday that
she will be confined to her home
for several days.

Mrs. Jacob Fridley, Mrs. J. B.
Lyle and Mrs. Myron Alling were
members of the serving commit-

tee for the P. T. A. dinner at the
Barnes school Wednesday.

Miss Ariel Houghton was very
pleasantly surprised when about
thirty of her friends gathered at
her home Monday afternoon to
help her celebrate her birthday.
The ladies had taken the makings
of a delicious lunch, a feature of
which was a beautiful birthday
cake, baked by Mrs. Florence
Christman. A gift was presented
to Miss Houghton along with the
best wishes of all for many more
happy birthdays.

Few Soldiers Will Vote In May Primary

Although thousands of Pennsylvanians eligible to vote in the May 18 primary are serving with the nation's armed forces, a state-wide survey by the Associated Press indicated that only a few will cast ballots.

In Warren county, not a single request for a military ballot was received.

Legislation passed by the 1941 general assembly set up the machinery for those serving away from home to vote but countries reported only a small demand for absentee ballots.

In Philadelphia, for example, there were only 125 applications on hand from thousands of men in the army. In Allegheny only 393 soldiers were qualified to vote and in Erie county there were only 14 requests for ballots.

Discomfort of Piles

Can often be relieved and comfort brought to the sufferer by antiseptic **SAN-CURA** Ointment. Much Activity By Cemetery Board Here

At this week's meeting of Warren Lodge, No. 339, I. O. O. F., E. M. Hutchens, president of the board of trustees of Oakland cemetery, reported that much activity has been carried on by the board during the past year and many needed improvements have been made.

In the cemetery proper, seventy-five Lombardy poplar trees were planted across the western end of what was known as the Parker farm. These, it was pointed out, will serve a three-fold purpose—as a border line, decorative and as a wind-breaker.

At the superintendent's residence on Mohawk avenue, the property has been enclosed with a hedge, and substantial repairs have been made.

The veterans' building and speakers' stand, where Memorial Day exercises have been held in

the past, has been removed. In the future it is planned to have all Memorial Day services at the G. A. R. Circle.

It was stated that the planting of ornamental shrubbery in keeping with modern cemeteries has received some attention and more of this will follow.

During the year there were 188 interments in the cemetery and four removals. Sixty-four stone vaults were sold.

Total area of real estate sold during the year was 6,545 square feet.

In addition to Mr. Hutchens' report, members of the Odd Fellows lodge also heard the report of the auditors of the cemetery association read.

Model Victory Garden Yields
Food for Body, Flowers for Morale

Plan for a Victory Garden for a Family of Four.

A Victory Garden planned to provide fresh vegetables for a family of four during a period of four months, is shown in the plan which accompanies this article.

It will occupy a space 24x50 feet, such as is usually available in a back yard in a suburb or outlying city location. Both food and flowers will be grown in this garden, which will be beautiful as well as productive. Much of the space has been given to a path, and to flower borders in front and rear; but plenty is left for a long list of nutritious vegetables, rich in vitamins, which will enable the family table to be furnished with an appetizing variety of food.

The list of crops has been made after careful consideration of the family needs and preferences, the probable yield and the nutritional values of the vegetables to be grown. Wherever there has been a choice between a nutritious, and a non-nutritious form of a given vegetable, the nutritious form has been chosen. The flowers, to be grown in borders along the path, and at the front and rear of the vegetable

rows, are both ornamental in the garden, and suitable for cutting for use in the house.

Here is the list of flowers and vegetables, each numbered or lettered to indicate its position on the plan.

1—Pole Lima Beans on fence
2—Cucumbers
3—Wax beans
4—Carrots
5—Green Beans
6—Beets
7—Leaf lettuce
8—Parsnips
9—Cos lettuce
10—Spring onions
11—Escarolle (endive)
12—Turnips
13—Parsley
14—Egg Plant
15—Peppers
16—Oyster Plant (Salsify)
17—Green Beans
18—Spring onions
19—Peas
20—Chard
21—Peas
22—Celery
23—Collards
24—Kale
25—Broccoli
26—Carrots
27—Italian Marrow
28—Pole Lima Beans on fence
29—Red tomatoes on fence, 12 plants
30—Yellow Tomatoes on fence, 12 plants

In the rows where early crops have been planted which may be entirely consumed in time to make succession plantings, the following will be planted as second crops:

3—Beets
4—Green beans
6—Cos lettuce
7—Onion sets
9—Carrots
10—Endive
12—Green beans
17—Onion sets
18—Chinese Cabbage
21—Winter Radishes
26—Wax Beans

This garden is planned to produce a continuous yield throughout the harvest season. Rich feeding and care will combine to produce a heavy yield from small space, and the vegetables so grown will contain maximum nutritive values, and excel in tenderness and flavor.

With the Players

When the director, Mrs. Wallace
Cowden, and the program com-
mittee of the Warren Players' Club
started to read plays for the
spring production, their objective
was a gay, sparkling, highly en-
tertaining one which would con-
form with the airlines of the sea-
son.

After several others, they came
to "The Man Who Came To Din-
ner" and the search was ended.
For, as all Warren movie-goers
know, this production has all the
elements. If the purpose of the
drama is to entertain, certainly
this play may be called a com-
plete success. Its brilliant dia-
logue brims over with repartee
that keeps the audience contin-
uously alert and amused. As a sea-
sonal antidote for times of head-
ache and worry, it cannot be ex-
celled.

The cast, director and commit-
tees are hard at work on prepara-
tions to present to the public on
Thursday and Friday, May 14-15,
two evenings of delightful enter-
tainment.

HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS

HOLLYWOOD—Watching the new version of "The Gold Rush," Chaplin's classic of 1925, I couldn't help recalling Charlie's long hesitancy and doubt about talking for himself.

Having gone the whole way of dialogue with "The Great Dictator," Chaplin has done a neat parlor trick in refurbishing "The Gold Rush." Using the silent film, he has recorded for it an accompanying dramatic narrative and musical score. His own voice now tells the pantomime-illustrated story of the lone prospector—the little fellow—and the dance-hall girl.

AS WOULD be expected of a master comic, the narrative is perfectly timed to the action, and frequently, as the story-teller recites, lines of dialogue seem to emanate from the lips of the little fellow as perfectly as if, 17 years ago, there had been a microphone at work on the set.

By these samples, Charlie could have been talking long ago without losing his little fellow's antic charm.

"The Gold Rush" is notable for three sequences which, despite time's passing and frequent imitations, still have not been topped: the cooking and eating of the shoe by the starving little fellow; and Big Jim; the table dance of the forked rolls; the cabin teetering on the cliff's edge.

Note, when you see the film, the tenderness with which the narra-

tor speaks of the little fellow. If you do, you will get the best picture yet given of Chaplin's attitude toward Chaplin-as-the-tramp, a creation very close to and yet entirely apart from himself.

ECHOES:

There was supposed to be a faint knock on the door as Errol Flynn knelt on the floor before a desk, searching for papers in a drawer. It was spy stuff for "Desperate Journey," dramatic, tense. Director Raoul Walsh pressed the cue light for the knock once, twice. Belatedly came a loud thumping that almost broke the door down.

"Umph," said Walsh, cutting the scene. "The income tax collector!"

Irwin Shaw wrote a story called "Mr. Twilight." Filming it, Columbia changed title to "The Gentlemen Misbehave," later to "Three's a Crowd." George Stevens, directing Jean Arthur, Cary Grant and Ronald Colman in it, was forgetting the titles for a while though he didn't like them.

He didn't like "Three's a Crowd" because: "The picture is amusing, and has some funny spots but it doesn't live up to the gaiety of the title—I mean it's not that funny."

He didn't like "The Gentlemen Misbehave" because: "In the first place no gentlemen misbehave in it. In the second, if they did, who'd care enough to go see them?"

George Stevens had a queer idea on the subject himself. He thought the title ought to be "Mr. Twilight."

and Kalinin fronts, extensive guerrilla activities in the Crimea were declared to have cost the Germans and Rumanians 800 dead. Twenty-five Rumanians joined the guerrillas in attacking a food depot. Crimean reports said. The partisans were reported so well organized they now were publishing a paper, "The Crimean Guerrilla." (A Reuters dispatch from Kuybyshev quoted Maj. Gen. M. Zakharov of the Red army as stating that persistent Soviet attacks on the Kalinin front, northwest of Moscow, had wrecked Nazi plans for a spring offensive. But he said the Germans were moving up reserves for an attempt at counteraction.) Stalin blamed imperialist agents of "German bankers and plutocrats" for the struggle; named Hitler, Reichsmarshal Herman Wilhelm Goering, Foreign Minister Joachim Von Ribbentrop, Heinrich Himmler and others of present-day Germany as "the watchdogs of the German bankers."

The premier-defense commissar, who directed the successful defense of Moscow and ordered the Soviet winter counteroffensive launched five months ago, asserted that Germany had weakened while "our country has become stronger" since the invasion June 22, 1941.

the last to keep the family budget going, could have been deferred to support his parents but he decided "I owe my country something." A sixth son, married, said he'd be off to war, too, if it weren't for his three children. The parents showed no concern over who would foot the grocery bills now. "We aren't worried," the mother said laconically. The father was a WPA worker until he became ill last July. This left one to run the garden. No one, that is, until his wife stepped into the breach today. "I'll do it myself," she declared. "We probably couldn't get anyone else to do it anyway."

BEAMISH FOR SMITH

"This is no year for petty, partisan, mud-throwing politics."

It is a fighting year, a year for hard-hitting unity with our national war effort under the leadership of President Roosevelt. It is a year when Pennsylvanians, regardless of party, should select a governor of proved integrity and fighting quality. I have made my choice. He is my long time fighting companion, Ralph H. Smith.

I am for him no matter who is against him. I am for him because he fights for the ordinary man and woman, because he thinks

straight and hits hard, because he will, if elected, line up a fighting, efficient Pennsylvania in the all-out nation-wide attack upon the foes of true democracy.

He holds the same belief that I do, the belief so well expressed by Thomas Jefferson, when ten days before his death he wrote:

"The mass of mankind has not been born with saddles on their backs, nor a favored few, booted and spurred, ready to ride them." Jefferson's thought is the vital issue in this war. It is the thought upon which our national and state governments must be based and administered after the war."

Effective today, May 1st, the Times-Mirror is discontinuing the giving of credit for unsold copies returned by news dealers and others who sell this paper. This action is taken as an economy move made necessary due to present war conditions and to conserve paper. There will still be plenty of newspapers available for sale, but dealers will gear their purchases to the number of paper they expect to sell.

Australia rather than India, as these authorities see the situation, is Japan's primary military problem at this time and since the rapid increase of American forces in Australia probably would make a frontal assault too costly even for the Japanese to contemplate, their logical move would be to attempt a blockade.

motored to Kelletville Sunday, where they spent the afternoon visiting Mrs. Rudolph's parents, Mr. and Mrs. Scott Smith.

Many of our youngsters are out of school, the result of an epidemic of measles that has hit the town. Her many friends in town will regret to know that Mrs. Margaret Steiner is seriously ill at the home of Mr. and Mrs. D. W. Uber in Kane. Mrs. C. E. Jeffords visited her from Thursday until Sunday evening. Another daughter, Mrs. Savannah McMichael, is spending several days of this week helping to care for her.

Mr. and Mrs. Monroe Silvis, of Corry, visited his mother, Mrs. C. E. Silvis, over the weekend. Mrs. Silvis has but recently returned here after spending the winter with members of her family in Erie.

Work is progressing rapidly on the new residence of Mr. and Mrs. Bert J. Hover.

Miss Irene Marshall announces that over \$66 worth of war stamps has been sold at the Barnes school.

Mr. and Mrs. Chas. Blumer, of Westfield, N. Y., were callers at the home of Mr. and Mrs. George Couger Tuesday afternoon.

Friends in town have received cards announcing the engagement of Miss Joyce C. Salomons, of New York City, to Jack Smith, formerly of Barnes and Sheffield, who is now stationed with the U. S. Army at Mitchell Field, L. I. No date has been set for the wedding.

The annual meeting of the Barnes Cemetery Association will be held at the Barnes Methodist church, Saturday afternoon, May 2. All who have dead buried here and are interested in the upkeep of the cemetery are invited and urged to attend.

Otto Barnes, who is employed at Bradford, spent the weekend at his home here in Barnes. Miss Jennie Phillips, who had cared for his mother for several months before her demise, went to her home in Sheffield Monday.
